

BAREILLY COLLEGE, BAREILLY

DEPARTMENT OF PHOTOGRAPHY ART

ABOUT THE COURSE

Diploma in Photography is being run under the UGC scheme of vocational courses since 1989 and is approved by M.J.P. Rohilkhand University, Bareilly. Diploma in Photography is a one-year course that is designed for students who aspire to become professional photographers. The course covers subjects such as Foundation of Photography, History of Photography, Basics of Photoshop, Natural and Artificial Lighting, etc. The scope of this program is to impart knowledge to students about the basics of photography and learn about what entails a good photograph. The program focuses on sharpening the minds and knowledge of students in terms of different kinds of photography. The students can choose their specialization after learning the basics of photography in theory and practice and the grooming is done on the basis of the specialization. Students get to explore different subjects and types of photography to understand their potential and work which can help them further in their career.
